The Lynne bill, approved by Governor Kirby on Thursday and brought here last night from Montgomery by W. B. Edmondson, is published in full in today's Daily, this being the first opportunity to make its provisions public following its signature by the state's executive.

The bill follows:

AN ACT
To provide for the consolidation of adjacent or contiguous cities having each a population between four thousand and six thousand five hundred, according to the last preceding official and published federal census, and to provide for the organization and officers of such consolidated city.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Sec. 1. That any two cities, both in the same county, each having a population of 4000 and not more than 6500, according to the last official published federal census and whose boundaries may be abutting, adjacent, or contiguous, to any extent, may consolidate, as hereinafter set forth.

Sec. 2. That when a petition from each of such cities signed by twenty-five percent of the number of persons voting at the last preceding municipal election for officers, in each of such cities, shall be presented to the probate judge of the county within a period of ten days, he shall, within five days of the presentation of the last of said petitions, publish a notice setting a date for the hearing on each of such petitions, (which date shall be not less than ten days, nor more than twenty days after the filing of the last of such petition), naming a separate date for the hearing of each petition.

Sec. 3.—That a petition shall be sufficient in its substance as follows: "To the Probate Judge of _____ Alabama: The undersigned legal voters of the city of _____ County of _____ Alabama, desire that said city be consolidated with the City of _____ Alabama, under the name of the city of _____.

We therefore request your Honor to call an election for the purpose of allowing the legal voters of said city to express their choice at the ballot box. Signed: Name, Residence, Street and number. All calls, proclamations, required by this act, shall be published as follows: 1. By posting at the courthouse door, and 2. By posting at the city hall or mayor's office in each of such constituent cities, and 3. By publication in all newspapers of each of such constituent cities, not exceeding three in each, and 4. By publication in some newspaper, (if any) in the County and outside of either city, provided that any number of similar petitions from the same constituent city shall be considered as one petition.

Sec. 4. That on the date appointed for hearing said respective petitions, the said probate judge shall examine said petitions, and hear and consider all legal evidence offered, and may consult all official county and duly authenticated municipal records, and if he determines that the petitions from either city have not received the requisite number of qualified signers, he shall dismiss both of said petitions; but if both have received the requisite number of qualified signatures, after the said list of signers shall have been purged of all duplication, which duty is enjoined on said probate judge, he shall publish

HOTEL PROPERTY IN ALBANY BOUGHT BY 3 LOCAL MEN

The New Decatur hotel building on Meulton street has been sold by Birmingham brothers to a local syndicate composed of E. E. Graves of the Morgan county national bank and Smithers and Strother of the Twin City Bread company. The sale was made through J. A. Thornhill. The consideration was not made public.

The new owners today declined to make public their plans but it is understood the building will be greatly improved at an early date.

Mr. Thornhill this week also sold the R. W. Holland farm east of Albany and the R. L. Phillips farm west of Albany, his sales totalling \$54,000.

HALLELUJAH! SOLONS TO ADJOURN TONIGHT

PRESENT SESSION OF LEGISLATURE
COMES TO CLOSE AT
12 O'CLOCK.

(International News Service.)
MONTGOMERY, Sept. 27.—Some time tonight the legislature will adjourn, after the house has passed or rejected 150 bills on its calendar for the concluding day of the 1919 session, and the senate has handled nearly that number of measures.

The first bill passed at the morning session of the house went through with a whoop, being the Acker measure appropriating \$1,330,000, for the payment of Confederate pensions. The vote was 60 to 0.

PRIZES ARE OFFERED TO BOY FARMERS

THORNHILL TO ENCOURAGE
MORGAN COUNTY YOUTHS
WHO TILL SOIL.

J. A. Thornhill, local real estate dealer, offers the boys of this county the following 1920 crop prizes:

\$25.00 for the best acre of Irish potatoes; \$20.00 for the best acre of corn, (any variety); \$15.00 for the best acre of cotton; \$10.00 for the best acre of oats; \$10.00 for the best acre of hay (any variety); \$10.00 for the best melon (which he will claim); \$10.00 for the best acre of sorghum cane, ready for the mill.

No boy over 16 years old can compete. Each prize winner must work out his own plans for his crop. No limit nor regulations about the methods used nor fertilizer, but all must keep a complete record of the methods used and fertilizer used and the brand of each. Each boy must notify Mr. Thornhill of his intention to compete before February 1, 1920, which can be done in person or by letter.

The aim of this undertaking on Mr. Thornhill's part is to stimulate better farming among farmers.

WASHINGTON, Sept. 27.—Published reports that Secretary of Interior Lane would resign immediately following the return of President Wilson at Washington, were denied this afternoon.

BASE-HIT CARNIVAL IS WON BY LOCALS BY A 13 TO 4 SCORE

The opening game of the series here with a Nashville squad composed principally of ex-Vols was a baseball carnival, Albany-Decatur winning 13 to 4. The locals lost a couple more counters in the sixth when with two on and two down, Riddle smashed a triple over Brook's head but was called out for failing to touch first base.

Graham was hit for a total of 14 safe ones, but kept the clouts fairly well scattered and was given sensational support. The locals had 27 assists to their credit for the afternoon. McDuff, at second, fielded sensationally, ringing up a record of 12 chances without a boggle.

Jonnard, E. Baker and Roberts fattened their batting averages by getting four safe ones each. Mitweide broke the visitor's opposition by clouting Springfield's first offering in the second for four bases. "Dutch" got a triple on his next appearance at the plate.

For the first time this year the locals got away with a fielding percentage of an even thousand. Not an error marred the backing given Graham. A mix-up of the infield, however, presented the visitors with two of their runs in the fifth, when with two down, Graham hit a pop fly over Graham's head and the infield stood by while it fell safely, Graham getting credit for a two base hit, scoring both runners.

The locals ran wild on the bases, stealing easily from Woodfin. Graham pilfered a sack, his second theft of the season.

LABOR LEADERS ARE CLINGING TO HOPE THAT STEEL STRIKE MAY BE ARBITRATED

Insist That Senate Committee
Has Already Taken Lead in
Securing Compromise

GOMPERS CONFIDENT
OF AN ADJUSTMENT

First Week of Industrial Struggle
Ends With Both Sides
Confident.

(International News Service.)
PITTSBURG, Sept. 27.—The Steel strikers' national committee today ordered a strike of the Bethlehem Steel company employees, on Monday morning at 6 o'clock. The strike call brings out all the organized men in the steel plants, but does not affect the workmen in the shipyards.

About 40,000 men are affected.

(International News Service.)

WASHINGTON, Sept. 27.—Reports reaching labor circles today strengthened the belief that steps leading to mediation of the steel strike may bear fruit before another week passes.

Samuel Gompers, it is known, is one of the most confident of those who believe that definite negotiations for arbitration will be entered into soon after President Wilson's return to the white house.

Labor leaders assert today that the senate committee investigating the strike is working independently to bring about arbitration. Senator Kenyon has denied the statement made in labor quarters that the committee telegraphed the president requesting him to take steps to stop the strike.

but labor leaders today reiterated that they have knowledge that such a telegram was sent. These leaders also state that the committee has asked or will ask Judge Elbert H. Tamm, just as they have asked John H. Fitzpatrick, whether his side will be willing to submit the issue involved to arbitration.

BOTH SIDES CONFIDENT

(International News Service.)

PITTSBURG, Sept. 27.—The first week of the nation-wide steel strike drew to a close today with the situation unchanged, except for claims made by operators that more and more men are returning to the mills and that a resumption of normal conditions can be expected in many plants next week.

At strike headquarters it was stated today that more than 75 per cent of the total industry has been forced to suspend by the strike.

STRIKERS ARE ACTIVE

(International News Service.)

CHICAGO, Sept. 27.—Plans for preventing the re-opening of the steel mills in the Chicago district Monday will be completed at a meeting of union leaders here this afternoon. The big drive to keep the lines of the strikers intact will begin immediately after the meeting. Squadrons of speakers and pickets are to be sent out among the strikers to talk to them in public and even to visit the homes of the strikers and urge them to hold out and not return to work. The plans for the big drive were preceded by disorder, both in south Chicago and in Gary. In south Chicago the police dispersed a crowd of alleged strikers which had attacked a negro mill employee. The police fired several shots into the air and the crowd dispersed, but not until the negro had been severely beaten.

PRESIDENT WILSON IS VERY SICK MAN; HAS "FLU" COUGH

(By JOHN EDWIN NEVIN.)

ON BOARD President Wilson's train en route to Washington, Sept. 27.—Secluded in his private car and being given every possible attention, President Wilson today is en route to the White House. He is a sick man. Just how sick may not be determined for several days. But his condition is sufficiently grave to cause both Mrs. Wilson and Dr. Grayson, his personal physician, material concern.

The president had some needed rest last night. The night had been fairly comfortable and he had required little care. When the special reached Terra Haute at 8 o'clock this morning the president was still resting in his stateroom. Admiral Grayson has moved up from another car on the special, and is now making his quarters in the "Mayflower," so as to be near the president at all hours.

A cough that was contracted as the result of an exposure at Paris during his illness there, has stuck to the president ever since. He has been under treatment for it, but this is the first time it has bothered him to any serious degree.

Plans for the president to confer with senators leading the fight for confirmation of the peace treaty have been abandoned. So have all suggestions for his and Mrs. Wilson's participation in the welcome of King Albert of Belgium and Queen Elizabeth when they reach New York on next Friday afternoon. In fact, every official function and engagement that has been made for the president for the next two or three weeks has been called off. For the present, Mr. Wilson will remain at the White House.

JAMES E. MOONEY WAS INTERESTED IN MANY ENTERPRISES

(Cincinnati Commercial Tribune)

James E. Mooney, financier, died last night in his apartment at the Havlin Hotel. He was 88 years old. Mr. Mooney rose from an apprentice in his brother's harness shop, when he was 13 years old, to wealth, and was regarded as a multimillionaire. W. P. Fogarty and Miss C. J. Lyman, 3638 Burch avenue, relatives, were with Mr. Mooney at the time of his death, which was due to infirmities of old age.

His death was hastened by an attack of influenza last fall, from which he never fully recovered. He had been confined to his apartment the last three months. Dr. W. E. Kiehl attended Mr. Mooney.

Mr. Mooney was President of the American Oak Leather Company of Cincinnati, with branches in Boston, Chicago and St. Louis; the Cincinnati Coffin Company and the American Oak Extract Company of Decatur, Ala. In addition to these enterprises Mr. Mooney held large blocks of stock in nearly fifty other industrial and commercial organizations.

Mr. Fogarty, his personal secretary, said last night that Mr. Mooney's estate will exceed \$5,000,000. It is understood that Mr. Mooney drew his will a long time ago. Relatives in Cincinnati, Columbus, Edinburg, Ind., and Louisville, Ky., survive him.

Born in Indiana

Mr. Mooney was born near the village of Waldron, Shelby County, Indiana, on May 4, 1832, and was the son of Edmund and Mary Mooney. His father was Irish and his mother was of Welsh descent.

When he was six years old, Mr. Mooney's parents moved to Shelbyville, Ind., where he attended a grammar school for five years and later accompanied his parents to Edinburg, Ind., where he was sent to school for two more years. Despite the handicap of a meagre schooling, Mr. Mooney enlarged his education by constant research while employed in various capacities. At the age of thirteen, he began employment with his brother in a harness shop as an apprentice, tanner and assistant salesman. Later he left his brother's employ to work in a neighboring store.

Active in Varied Fields

In 1849 Mr. Mooney accepted employment in the first wholesale house established in Indianapolis, and during the winter was sent on long collecting tours on horseback, the only mode of travel at that early period in Indiana.

From 1851 to 1853 he acted as accountant and cashier of a large pork packing plant in Madison, Ind., and during these years, by constant

Premier Lloyd George Declares

Billingsgate Fish Porters Take
the Lead in Sympathetic
Movement.

(International News Service.)

LONDON, Sept. 27.—England today faces the greatest class war in history. The general railway strike involving 600,000 workers which began at midnight threatens to paralyze industry throughout the nation.

Premier Lloyd George terms it "an anarchist conspiracy." In stating the position of the government, he declared that the state would fight labor's blow with all the resources at its disposal. The premier appealed to the people for their support.

The whole triple alliance—coal miners, transport workers and railway men—may be involved immediately. Every sign points to the striking of all branches of labor to bring about a nation-wide tie-up. Already the strike movement is spreading. The lock workers at Cardiff have gone out. The transport workers will take a strike vote Monday. The vehicle workers will vote tonight.

England, and especially London, faces a food crisis. The fish porters at Billingsgate have taken the lead among the food workers. They went out in sympathy, refusing to load fishing barges. The main demands of the railway workers are: Eight-hour day; war wage advances to be converted into permanent wages; equal representation of unions on railway management boards and an annual vacation of two weeks, with pay. The government's proposal for a standard wage as a basis for further negotiations was rejected.

Public Sees Mill Make Hose, Bonus Given Operatives

The Decatur hosiery mill was host last night to more than 150 people to witness a demonstration of how hose are made at the Decatur factory.

Many of the visitors were parents of the operatives of the knitting machines. Ice cream and cake were served.

The management of the mill announced a bonus of 5% for the operatives, payable every two weeks. The mill's night school now is in operation with a large attendance.

We are authorized to announce Hodges Crow as a candidate for Tax Collector of Morgan county, subject to the Democratic primary. Your vote and influence solicited.

THE CONSOLIDATION BILL IS GIVEN TO THE PUBLIC

The Daily is today publishing in full the Lynne bill providing the machinery for the consolidation of Albany and Decatur at any time the two cities may see fit to forget their differences and to place their future paramount to all other considerations. This bill was approved by Governor Kilby on Thursday, and is made public locally at the very first opportunity thereafter, so that the citizens of the two towns may become thoroughly acquainted with its terms, and may be relieved of the necessity of accepting second-hand information and groundless rumors as to its provisions.

Every reader of the Daily, and every voter in both Albany and Decatur, should read this bill carefully and thoughtfully. If they do so, they must be impressed with its fairness and with the care taken in its preparation. Its primary provision is that there shall be no amalgamation until such action is approved by a majority of the voters of both towns, which is thoroughly in keeping with democratic precedent. In the event that the merger is authorized, the president of the council would be chosen from Albany and the mayor from Decatur, and these officials would serve until the next general election, a year hence. The council would consist of eight members from Albany and five from Decatur, which is in proportion to the present basis of population. For the protection of both towns, and during the period intervening between consolidation and the next general election (probably a few months), a two-thirds vote of the council would be required for the enactment of municipal laws. This breathing spell is in reality only an armistice during which the preliminaries of consolidation can be worked out carefully and calmly. Following the next general election, the city would be governed by an aldermanic body which could take any action it saw fit by a majority vote.

Section 14 of the Lynne bill provides for the financial protection of the two towns as at present constituted, for it says: "All liabilities incurred by each constituent city prior to the final organization at the first meeting of the council of the consolidated city, shall be a charge only on the ad valorem taxes produced by the property within the bounds of the constituent city incurring the liability."

This, stripped of legal verbiage, means that any debt acquired by either municipality prior to consolidation must be paid by that municipality. What could be more equitable?

Now that the bill is before the public, the next action will be the calling of an election. When this election is held the Daily feels that the verdict will be that Albany and Decatur are to be bound together, the friction of the past is to be forgotten, and a new era of prosperity and city-building is to dawn.

WANT AD PROPAGANDIST ASKS A QUESTION

WANTED—To know who pays the "several hundred thousand dollars" which the Daily of the 24th inst. says it is going to cost to pave 23 streets; and where they are going to get the "several hundred thousand."

A. C. Lott.
This want ad appears in the Daily today. It does not bear the earmarks of an inquiry for information, but smacks rather of the methods of the propagandist. However, it is not the purpose of the Daily to question the motives of the advertiser, or even to inquire too closely into his identity. What the Daily does propose to do is to set him right in regard to the cost.

To be accurate and exact, the estimated cost of the new paving program of the Albany City council is \$351,290. This money is to be raised through the provisions of the abutting property act and will be secured by the bonds of the city and eventually loaned by the property holder, whose burdens will be made

light by the use of the partial payment plan. The money, however, will be really paid by the future. The enhancement in the value of Albany real estate, resulting from the street improvement and the growth in population that always follows progress, will take care of the "several hundred thousand dollars"—and then some. This has already been demonstrated in Albany, which began to really grow when it completed its first paving program. Today real estate is worth twice what it was when the first street paving was done. The question of "who pays" is already answered. It will be answered again in the same way long before the last street assessment is paid.

Funeral is Held for W. A. Petty

Funeral services for W. A. Petty, were held Thursday afternoon, from his late residence on Sixth Avenue West, Albany. A very large concourse of people was in attendance, evidencing the high esteem and regard in which Mr. Petty was held by all who knew him. The services were conducted by Dr. W. P. Wilks, of the Baptist church of which faith Mr. Petty was a consistent member. The hymns sung were led by a quartette. Besides the large number of friends and other relatives left to mourn his loss, Mr. Petty leaves the following sons and daughters: James Petty, Graves Petty, Thomas Petty and Bruce Petty, and Miss Mary Petty. The interment was in city cemetery.

BIG SHOW, MASONIC THEATRE
NEXT MONDAY NIGHT
Morton's Footlight Girls, an aggregation of 12 people and an Aircraft picture, starring Douglas Fairbanks, will be the bill for the Masonic theatre Monday night.

The Footlight Girls come well recommended and for their opening bill will present "Three Married Men," a show made for laughing purposes only.

Douglas Fairbanks will be seen in "Bound In Morocco," one of his best pictures, in which he does all the usual stunts and then some.

BEAUTIES AND GOWNS

"IN 'THE PERFECT LOVER'"
Some of the most beautiful girls, towns and scenes ever seen on the screen are among the many extraordinary attractions of Eugene O'Brien's first stellar production, "The Perfect Lover," which comes on Saturday to the Masonic theatre.

One of the sets representing a ballroom of the home of a member of the "Four Hundred" in New York is without doubt one of the most elaborate and stupendous scenes ever erected for a motion picture. It took up the entire floor of the huge studio where the picture was filmed and no expense was spared in fitting up this set. The result is astounding. When you see it on the screen you will not be able to believe it is merely a studio set. With its parquet floors, glass doors and shining mirrors, handsomely framed pictures, Queen Anne furniture and huge baskets of flowers, this ballroom is the essence of elegant reality.

To complete the set, the most beautiful girls in New York were hired to grace it. Blondes, brunettes, tall girls, short girls, artists' models and many Zeigfeld girls are among those in this superb collection. Not only are they the most beautiful group of girls that have ever been seen at one time, but the clothes they wear are the most gorgeous collection that ever graced a ballroom. The value of the wonderful gowns worn by these girls aggregates a small fortune. And handsome Eugene O'Brien in the center of this galaxy of gorgeously gowned beautiful women completes the scene.

"The Perfect Lover" is a picture you cannot afford to miss.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

**The following self explanatory letter addressed
to the local representatives of the Mutual Benefit
Life Insurance Company, speaks for itself.**

Vinemont, Ala., Sept. 24th, 1919

Messrs. W. A. Bibb & Son,
Albany, Ala.

Gentlemen:

About a week ago I received a check through you from the Mutual Benefit Life Insurance Company for \$1000.00 in payment of policy on my son, Rowe.

This was such an unusual thing that I want to make some mention of it. Rowe took this policy for \$1000.00 out in 1907 and let it lapse in 1909 and there has been nothing paid on it since. He died August 29th last, which is ten years since anything was paid on the policy, and to my surprise the insurance was still in force for the full amount. My son, Earle also had a policy with your company and that claim too was for much more than I expected.

Whenever I hear of anybody wanting life insurance I certainly will advise them to take it in the Mutual Benefit.

Wishing you success, I am

Yours truly,

MRS. ZERAH MASON

Many Enterprises**

economy, saved enough money to start a general store in Eimborg called the Clark & Mooney Co.

Five years later Mr. Mooney bought his father's interest in his tannery, becoming a partner of his branch, the firm being W. W. and J. E. Mooney. In a short while the new firm opened another tannery at Columbus, Ind., which was successful, operated for more than fifty years.

Not content with new enterprise Mr. Mooney opened a wholesale leather house in Indianapolis under the name of Mooney & Co. In 1866 he organized a similar business in Louisville, Ky., which he conducted for five years.

Invested in Early Enterprise
Mr. Mooney's first business venture in Cincinnati was launched in 1873, when he subscribed to stock in the Mt. Adams & Eden Park Inclined Plane Railway Company, as an investment. The panic which followed in that year caused him to turn his entire attention to his former investment and he emerged financially successful.

In 1874 he became interested in the Moscooge Lumber Company of Pensacola, Fla., which owned 100,000 acres of lumber land, several mills and miles of railroad, and continued with the concern until it was sold to an English syndicate eighteen years later. He organized the American Leather Oak Company in 1890, after successfully establishing the Cincinnati Coffin Company. Early in its existence the leather house suffered from damaging floods and experienced two fires.

Achievements Widely Recognized
In 1880 Mr. Mooney became a stockholder and President of the American Starch Company of Columbus, Ind., the plant being destroyed by fire in April, 1895.

Charles Theodore Greve, who compiled a centennial history of Cincinnati in 1904, was Mr. Mooney's close personal friend and a few years ago published a biography of his life. "Mr. Mooney's career has been an unusual one in the variety of his undertakings," says Mr. Greve's sketch, "and the great success achieved in each. Good fortune has not always been at his hand, as is indicated by his losses by fires and floods.

"A man of great will power, courage and determination, he has succeeded where others have failed, and his achievements in the industrial world will remain as a monument to his memory after he has passed away."

Funeral arrangements has not been fully completed late last night, although it was definitely announced that Mr. Mooney's body will be taken to Edinburg, Ind., for burial. His associates say this will be done in accordance with his wish to be buried in the family lot with his parents and relatives.

Mr. Mooney was an uncle of Mrs. W. R. Smith of Albany.

**EVER SALIVATED BY
CALOMEL? HORRIBLE!**

CALOMEL IS QUICKSILVER AND ACTS LIKE DYNAMITE ON YOUR LIVER.

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It cramps into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take Calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe. —Advertisement.

Lynne Measure is Published Today

(Continued from Page 1.)

A notice setting a day not less than 12 nor more than 30 days from the date of the latest hearing for an election in both of said cities; at the regular voting places, and naming all of the election officials, among whom shall be represented the advocates of consolidation and the opponents thereof; said publication to be made as prescribed in section three, and shall prepare and furnish said election officials with appropriate blank ballots, equal to five times the number of votes cast at each voting place in each city at the preceding municipal election, on which ballots shall be printed on one line, the words, "For consolidation," and on the line below, "against consolidation."

Sec. 4 1/2. Said election shall be held under and be governed by the same provisions, limitations, pains and penalties as general elections, and shall be governed by the same rules, and the returns shall be made to the probate judge of the county, as provided by law in general elections.

Sec. 5. That within five days after said election the election returns shall be canvassed at the county court house by the probate judge, the circuit clerk and the sheriff, and the result announced. If a majority of the votes cast in either city be against consolidation, the probate judge shall so declare and publish, and dismiss the proceedings. If a majority of the votes cast in each city be for consolidation the probate judge shall so declare and publish his declaration to that effect and declare the name selected.

Sec. 6. Be it further enacted, that immediately upon the announcement of the result of said election, if in favor of consolidation, the said councils of the two constituent cities shall constitute the city council of the consolidated city, and the first meeting of the city council shall be held at the city hall of the more populous of the constituent cities on a call to be issued by the existing president of the city council of the larger city, or call signed by any three of such councilmen the call first filed with the probate judge shall constitute the legal call, which must be published for five days before such meeting. All subsequent meetings shall be held as the council may determine.

Sec. 7. Be it further enacted, That at such first meeting, or some adjournment thereof, the said city council may be called to order by the president of the council of the larger city, but if he shall be absent or shall fail to act, then by the mayor of the smaller city, but if he shall also be absent, or fail to act, then by the mayor of the larger of such constituent cities; but if he shall be absent, or fail to act, then any councilman or alderman may call the meeting to order. The first meeting shall proceed to elect a president of the council who shall be a resident of the larger constituent city, upon whose qualification the term of the former mayor shall cease, provided that no officer shall be elected and no ordinance shall be passed unless voted for by two-thirds of the combined members of the two constituent and consolidated towns.

Sec. 8. Be it further enacted, That the council shall also elect a chief of police, a clerk, a city attorney, and all other necessary officers, all of whom shall be provisional merely to hold until the next regular election, and until the qualification of the thereafter elected to fill said offices.

Sec. 9. Be it further enacted, That the mayor and the president of the council shall hold office until their successors shall be elected, and shall qualify, and the councilmen shall hold office until the succeeding council (or a majority) shall be elected and qualify.

Sec. 10. Be it further enacted, That at the first meeting of the council the order of business shall be first the election of a president, next a clerk, next a chief of police, and the other police officers, and a city attorney and a mayor, then any other business that may properly come before the council, including reports from the chief of police, clerk, and committees of each of said constituent cities. The said council at its first meeting, or some adjournment thereof shall also direct the city attorney to prepare a code of ordinance for the government of the consolidated city. Upon the adjournment of the first meeting, sine die, the said consolidated city shall be deemed fully organized and no delay in convening, and no defect in the call for the first meeting, or in the proceedings shall invalidate the acts of such council; or the organization of the said city. Provided, said consolidated city shall operate under and be governed by the present general law applicable to cities of six thousand or more inhabitants.

Sec. 11. Be it further enacted, That the jurisdiction of all officers and boards shall be preserved within their respective territories, as heretofore constituted until said organization of the consolidated city shall be perfected, which organization, when made, shall be effective for all purposes, despite any delay, mistake, or informality in the same, or in the preliminary proclamation; and the succeeding elected council of the said consolidated city hereby created, shall have and exercise such jurisdiction in all matters of public education, and school property, as all cities of the same class may have, under the general laws that may then, and may thereafter be in force.

Sec. 12. Be it further enacted, That should any vacancy occur in any office in any other office than that existing in the consolidated city, the corresponding officer of the other constituent city shall succeed to said office so vacated, and fill the same until the organization by the first council meeting, and until the adoption of a code of ordinance for the consolidated city, all of the existing ordinances of each of the constituent cities shall continue in full force within the territorial limits of each of the constituent cities.

Sec. 13. Be it further enacted, That in case any officer or councilman whose appointment selection or election is provided for by this act shall fail to qualify, or shall die, or shall resign, a majority of the acting and qualified members of the council shall, irrespective of number, constitute a quorum to supply all such official positions.

Sec. 14. Be it further enacted, That all liabilities incurred by each constituent city prior to the final organization at the first meeting of the council of the consolidated city, shall be a charge only on the ad valorem taxes produced by the property within the bounds of the constituent city incurring such liability.

Sec. 15. Be it further enacted, That all suits, prosecutions, and processes on the part or in behalf of either city shall after the organization of the consolidated city, proceed in the name of the consolidated city; and that all suits then pending against either of said cities shall proceed against the consolidated city; the name of which may at any time be substituted by the court, which shall limit all judgments or decrees against the public revenues accruing from the taxable property situated in the territory of the city against which the liabilities originally accrued; provided, that the provisions of this section shall apply to all suits brought after complete organization at the first meeting of the council of the consolidated city, on liabilities previously accruing.

Sec. 16. Be it further enacted, That the city council shall divide the territory of the consolidated city into such number of wards as it may determine, provided, the several wards shall be as nearly square, and the population of each shall be as nearly equal as practicable, and at the next regular election two councilmen shall be elected from each ward.

Sec. 17. All petitions for the consolidation election from the same constituent city shall be filed on the same day; and shall be accompanied by a deposit of \$50.00 from each city to defray the cost of the proceedings, and for the following services as to each city, the probate judge shall be entitled to a filing and inspection fee of the petitions for election of \$5.00; issuing notices of filing and setting a day to hear and considering the petitioned \$2.00 passing on and checking the list of petitioners 5 cents for each name examined; issuing election call, \$2.50; all other fees of election and canvassing officials shall be the same as may be provided by law in cases of general elections. Any residue of said deposits on the conclusion of the proceedings shall be returned to the person making the deposit.

Sec. 18. Be it further enacted, That the said city council may sell and convey any property, the title to which may be in either city; the proceeds of which shall be applied to the discharge of liabilities resting against the particular city holding the title to said property at the time of consolidation.

Sec. 19. Be it further enacted, That it shall be the duty of all officers of the constituent cities to surrender all books and records of their respective cities to the council of the consolidated city at the first meeting thereof; For delivery to their respective successor in office.

Sec. 20. Be it further enacted, That the failure of any person or official to perform any of the duties enjoined by this act shall be a misdemeanor and the performance of such duty may be compelled by mandamus; a sworn petition for which may be filed in the name of the State on the relation of any citizen without giving a security for costs.

Sec. 21. Be it further enacted, That should any portion of this act be declared invalid, the remaining provisions shall not be thereby vitiated.

Approved Sept. 25, 1919.

Diamond to Open Block's Branch Store

Abe Diamond, well known here where he resided several years ago while a member of the Southern Bell Telephone company's team in the old city league, is back. He will open a branch of the J. Block store in Moulton next week.

Scrimmage Will be Held Wednesday

The first of the weekly scrimmages between the Albany high school football warriors and the Decatur Athletic club will be held Thursday instead of Wednesday. The game was postponed one day on account of the appearance of a circus here Wednesday.

POLICEMAN LOST 65 POUNDS THRU STOMACH TROUBLE

Flat on His Back and Could Not Get Up—Unable to Do His Work for Three Years.

"My stomach and kidneys gave me the worst kind of trouble for three years," says G. W. Walton, police officer, of 2625 19th St., Ensley, Alabama. "I was able to work only two months in three years. Finally I got down on my back in bed and could not move without the greatest exertion. My kidneys were continually out of order. There was a peculiar dead feeling in my stomach and bowels and I lost 65 pounds. I was under the care of doctors and took treatments and medicines. I commenced to take Sulfero-Sol and took one bottle. Before I got through with it I began to improve and improved right along. I kept taking it until I was as well as ever. I work regularly every day, have regained most of my weight and feel fine all the time. The pains in my kidneys and back have ceased and my stomach and bowels are usually normal. If ever they feel a bit dull and sluggish, I take a dose or two of Sulfero-Sol and it fixes me up. I have never taken any medicine from any doctor since I first began using Sulfero-Sol. Several of my friends have used it upon my recommendation and they have thanked me for telling them about it."

For kidney and bladder troubles, stomach and bowel disorders, take Sulfero-Sol, the wonder medicine. Be sure your druggist gives you Sulfero-Sol. Accept no substitutes.

\$1.00 per bottle; 6 bottles for \$5.00. Sulfero-Sol Co., Montgomery, Ala.

Bottled Manpower

Coughs and colds are weakening. Get rid of them as quickly as you can. Catarrh in any form saps the vitality. Fight it and fight it hard. There is a remedy to help you do it—a medicine of forty-seven years' established merit. Try it.

PE-RU-NA

For Catarrh and Catarrhal Conditions
It purifies the blood, regulates the circulation, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, sides and joints, PE-RU-NA is recommended.

PE-RU-NA restores to healthy action the vital organs which are so intimately related to the strength and vigor of the nation.

There are fourteen ounces of health giving punch and pep in every bottle. PE-RU-NA is a good medicine to have in the house, ready-to-take for emergencies. It is a good remedy to use any time.

JUST IN PASSING

EVERY QUESTION BRINGS
ON MORE QUESTIONS

"A nice question in ethics," said a tall, thin, "arsee yesterday when Albany-Deatur's right fielder was called out on the ground that he had not touched first base, after he had arrived as he thought safely on third base. His Umps seemed to have had weather eyes open on the initial bag, anyway, he said our right fielder did not touch the base but stepped over it. Now the ethical point raised is this: Was it not a kind of snap judgment to put a man out for overstepping the bag, when he had made a clean three sack hit. Was it quite gentlemanlike to watch the fleeing runner? Was not putting him out coming to the 'letter' of the law, instead of being guided by the spirit of the law, assuming of course that the runner did not intentionally miss the base and for some unfair purpose? Those who are strong on the Bible phrase that 'the letter killeth' will be inclined to fault the Umpire for 'seeing' the runner as he passed over first, but those who insist in a literal fulfillment of the law will always and longer contend that the umpire was right in calling our batting-eyed right fielder 'out'."

The second story is this: Riddle says that the umpire was evidently expecting him to touch first with his right foot, which really did not touch the base, but swung over it. "It is with my left foot I always seek to hug a base," said Riddle, "and this is the one I touched first with, but as the umpire did not see the foot touch the base he expected to see he called me out."

MOTHER HEN MOTHERS
SOME SMALL KITTENS
Mrs. Mary Eubanks, of South Albany, recently had occasion to disturb one of her sitting hens. And as the hen protested with squawks and henpecks, Mrs. Eubanks decided to forcibly eject the hen from her nest. What was a great surprise and wonder to her, was to see that three tiny kittens were snugly rolled away under the wings of the old hen. Whether the young cats will eventually follow after the "clucks" of their feathered mother, or seek a mother cat is a question that is puzzling Mrs. Eubanks and her neighbors.

TREES BEARING TWICE IN
ONE YEAR

J. R. Gray of Eleventh avenue, West, and Stanley Goidel, who lives at 1616, Thirteenth avenue South, each have fruit trees that are bearing twice this year. Not that the trees are actually bearing fruit twice, but they are trying to. Mr. Gray says that he has a cherry tree now in full bloom which back in the cherry season had its full quota of both blooms and cherries. As to whether frost will overtake the present aspirations of Mr. Gray's cherry tree remains to be seen. With Mr. Goidel it is a pear tree that is attempting special service. In the early spring the pear tree in question came into full bloom, but no fruit resulted. But recently this tree, acting on the old adage, "If you don't at first succeed, try, try again," has not only bloomed, but now actually has pears growing on it. Mr. Goidel states that he will thoroughly protect his tree from the cold of winter in the hope that the new pears will in due season fully mature. An evil prophet has arisen apropos of the over-time work of the trees mentioned and said that both trees may be expected to fade away and die next year according to old witch stories.

AND IT WAS

"I wish the people would take greater care in turning in their fire alarms," said Chief Sorber. "Always get the street and number of the house ablaze. Not long ago, our telephone rang and I answered. The following conversation is typical of many.
'There's a fire in south town,' the voice said.
'Where is it,' I asked.
'Fourth avenue.'
'What number?'
'Wait and I'll see.'
The voice then called to some one else to ascertain the house number.
'Well where's the fire,' I asked again, growing impatient.
'On the roof, next to the flue.' Now what's a fellow to do in a case like that."

Fast driving continues to be expensive sport in Albany and a source of revenue for the city treasury. A number of peddlers have paid out the amount of \$6.00 this week and the drive to stop reckless driving of automobiles is still on.

NOTED NEGRO TO SPEAK AT DECATUR

DR. R. R. MOTON HERE ON A
TOUR OF TENNESSEE
VALLEY.

Dr. R. R. Moton, successor of the late Booker T. Washington, the most prominent negro of the race and principal of the Industrial school at Tuskegee, has accepted the invitation of leading white and colored citizens to make a tour of the Tennessee Valley during the first three days in October. He will speak at the negro fair in

Athens at 4:15 on the afternoon of Thursday, October 21 and at Decatur that night at 8 o'clock. The meeting in Decatur is being arranged by leading colored citizens who have the cooperation of some of the interested white people. The place of the meeting will be announced later.
From Decatur, the party under the leadership of Walter S. Buchanan, president of the State Agriculture and Mechanical College at Normal, will go to Moulton, where at ten o'clock Moton will speak again to both races.

OUR COMPLETE READINESS IN

Fashion's Latest Modes for Autumn

WEDNESDAY, OCTOBER FIRST

From 4 to 6 P. M.

Music, Handsome Souvenirs For the Ladies

You Are Cordially Invited to Be Present

With the advent of a new autumn season, this store is justly proud of its achievements in bringing to the men and women of the Twin Cities a collection of new fashions that greatly surpass—both in completeness and loveliness—any former season's accomplishments.

That this fact is worthy of special emphasis is well affirmed by the scarcity of all kinds of wearing apparel in the world's markets this season. Therefore, we have looked far ahead, and in so doing have deemed it advisable, indeed, to secure enormous stocks at the beginning of the season and thus avoid disappointments later when manufacturers will be compelled to use less desirable fabrics and pay more for their labor.

The mammoth resources and buying power of our four stores, combined with the experience and influence of our most able buyers, has enabled us to procure not only the choicest of this year's fashions, but also at prices which are certain to again make this store—during the coming season—"A Store in Which You Can Always Do Better When Shopping."

As a special inducement for you to call and inspect our beautifully remodeled store, special low prices will be made in all departments during the next eight days beginning today—SATURDAY.
